Registration INFORMATION

REGISTRATION CLASSIFICATIONS

The ApHC offers two classifications of registration:

- i. **REGULAR (#):** For Appaloosas that display an Appaloosa coat pattern, or for solid Appaloosas with required Appaloosa characteristics: i) mottled skin and white sclera, or ii) mottled skin and striped hooves in the absence of white leg markings.
- ii. **NON-CHARACTERISTIC (N):** For solid Appaloosas that do not display an Appaloosa coat pattern or required Appaloosa characteristics for Regular classification.

Don't delay registration of a Non-Character-

istic (N) foal, anticipating it will develop characteristics. Once a foal is registered as (N) classified, an owner may apply for advancement to Regular (#) Registration for up to one year from the date the original certificate was issued—**free of charge**.

BLOODLINE REQUIREMENTS

Pedigreed Appaloosas must have at least one ApHC-registered parent (sire or dam) classified as Regular (#). The other parent may be registered with the ApHC, or an ApHC-Approved Breed Association: American Quarter Horse Association (AQHA), Jockey Club (Thoroughbred), or Arabian Horse Association (AHA or WAHO).

ApHC-Approved Breeds must be listed with the ApHC; some restrictions apply.

REQUIRED DOCUMENTATION

- A Stallion Breeding Report must be on file with the ApHC.
- The sire and dam of the applicant Appaloosa must have DNA genetic test results on file with the ApHC. Some exceptions may apply.
- A properly completed Registration Application/Breeder's Certificate must be submitted to the ApHC, including original sig-

natures from the owner of the dam at the time of foaling, the owner of the dam at the time of breeding, and the owner of the sire at the time of breeding.

- Four current color photographs (front view, rear view, left side and right side) must be submitted with the registration application; and will be reproduced on the back of the horse's Certificate.
- Three name choices should be submitted with your application. Your Appaloosa's registered name must comply with ApHC rules.

FEES

- ApHC Members receive reduced registration rates.
- The sooner your Appaloosa is registered the more inexpensive it is.

For assistance with the registration process, please contact the Registration Department at **208.882.5578 EXT. 300** or e-mail us at **REGISTRATION@APPALOOSA.COM**. We'll be happy to walk you through the registration process so that you have that desired ApHC Certificate of Registration in your hands in no time!

"COAL" is tested 5-Panel N/N & LP/LP. He stands 15H, has points in Halter & Most Colorful. He has a performance packed pedigree, a lot of eye appeal, very athletic with a fantastic disposition and he produces the same. He puts pretty heads on his babies and most will mature over 15H no matter the size of the mare.

He's ready to sire your next versatile, pretty performance horse!

Breeder's FORUM

By Sue Schembri

Attention small-scale breeders!

Are you aware that it is the small-scale breeding operations that are breeding, raising and selling the majority of today's champions? In addition to raising foals that are winning in Appaloosa show arenas across the country, many of you also raise colorful trail horses, the first time 4-H show horse, endurance horses and race horses, each that are owned, loved and cared for by Appaloosa enthusiasts.

We at Char-O-Lot are currently considered a large-scale breeder, breeding 15–20 of our own foals each year. There are a small number of us so-called "large breeders" left out here. Years ago being considered a large breeder would have meant you were breeding more than 30 mares per year and there were a greater number of large breeders in the market. Those days have passed for many, and with the decrease in both the number of large breeders, together with the number of mares they are breeding each year, the small-scale breeder is increasingly important.

Doug and I started out small and grew our program over the years. We commonly hear

smaller breeders say they cannot compete with or measure up to the large breeders, which I would argue is not the case. It does not take a large breeder to raise nice foals year in and year out. Raising a nice foal requires perseverance and dedication. Paying attention to details, studying and working out what program works the best for you and produces the results you are looking for.

As large-scale breeders we have had amazing success over the years, such as being the Leading Breeder at the APHC World Show several times and having two of our foals inducted into the Appaloosa Hall of Fame. However, what you may not know is that our most memorable medallion was the very first "Breeders Medallion" that we ever earned back in the mid 1970's, which I still remember to this day. As a small breeder that was our greatest accomplishment, and is a goal that is still achievable for nearly all small breeders.

Consider as a small breeder that you can make a big difference. There is a market for quality Appaloosa horses that our large-scale breeders cannot possibly fill moving forward, and without your foals our industry will continue to experience a shortage of quality horses. ~~Now more than ever there is a great opportunity for breeding horses—take advantage of that gap in the market that has been left by the decrease in the number of large breeders, and go out there and get your own breeders~~
