Horse's Name and Registration Number: _____

Horses participating on the Chief Joseph Trail Ride will be ridden at a walk for up to one-hundred or more miles over a period of five consecutive days. Historically, the temperatures can soar to over 100 degrees during the day and plummet to 30 degrees in the evenings depending upon the ride location in any given year. Terrain varies from crossing plateaus and rolling hills to climbing mountains and canyons.

In my opinion the horse listed above is fit and capable of being ridden on the Chief Joseph Trail Ride this year. I understand and agree that after arrival at the ride or during the ride, if the horse is determined to be unfit to continue for any reason by a committee consisting of the ride veterinarian and the chief scout, the horse will not be allowed to continue. I assume no liability for having evaluated the condition and preparedness of the above-named horse to participate on the ride.
