Who is your real life hero?

My Grandfather. He spent a lot of time with me when I was a little boy teaching me life skills and is the one that got me started with horses.

Favorite food and drink?

Jalapenos and club soda - or anything I can put jalapenos on!

What kind of skills/hobbies do you have outside the horse industry?

Hunting is a hobby that I enjoy and have since I was a little kid.

What's one thing most people don't know about you?

I was a firefighter for over 15 years.

Who is the one celebrity/athlete you would want to be friends with?

George Strait. That way I can say I met a King!

When was the last time you experienced kindness or courtesy from a stranger?

After judging the WCHA futurity earlier this Summer, a girl from the office came out to give me a letter that was left by an exhibitor. It was a hand written letter from a lady that showed to me 20 years ago at the Select World show. She thanked me for putting her horse first 20 years ago, told me she finished 4th overall, but that it kept her interest in horses and showing alive all these years. As judges, we do not hear many 'Thank You's' from exhibitors.

Where is your happy place?

I won't publish my home address, but I enjoy being at our farm, either riding horses, sitting by the firepit, watching the deer or just enjoying a quiet evening at home with the dogs and my girlfriend. We're at the start of the Blue Ridge Mountains and its peaceful to sit and enjoy the scenery.

If you could sit on a bench and chat for one hour with any person, who would it be (living or deceased)?

John Wayne

**Best of Luck to You,
Exhibitors!**
