ENTRY AGREEMENT

Release, Assumption of Risk, Waiver and Indemnification

This statement waives important legal rights. Read it carefully before signing any entry forms and/or before participating in any class as an owner and any of his/her representatives, authorized agent, trainer, lessee, rider, driver and/or handler.

I AGREE in consideration for my participation in the World Championship Appaloosa Show ("Competition") to the following:

I AGREE that I choose to participate voluntarily in the Competition with my horse(s), as a rider, driver, handler, lessee, owner, agent, coach, trainer, or as parent or guardian of a youth exhibitor. I am fully aware and acknowledge that horse sports and the Competition involve inherent dangerous risks of accident, loss, and serious bodily injury including broken bones, head injuries, trauma, pain, suffering, or death ("Harm").

I AGREE to release the Appaloosa Horse Club, ("ApHC"), the Competition, officials, officers, directors, employees, specialty associations, independent contractors, agents, personnel, volunteers, the Will Rogers Memorial Center, the Fort Worth Convention & Visitors Bureau, the City of Fort Worth, EMTs, trade show vendors, sponsors and/or other sponsoring organizations if any, (collectively the "Released Parties"), from all claims for money damages or otherwise for any Harm to me, my horse(s) and/or my property and for any Harm caused by me, my horse(s) and/or my property to others, even if the Harm resulted, directly or indirectly, from the negligence of the Appaloosa Horse Club, any of the Released Parties and/or the Competition.

I AGREE to assume all liability and responsibility for any accidents, injury or damages sustained or caused by myself, my helpers, my stock or my equipment and I AGREE to expressly assume all risks of Harm to me or my horse(s), including Harm resulting from the negligence of the ApHC, the Released Parties or the Competition.

I AGREE to indemnify (that is, to pay any losses, damages, or costs incurred by) the ApHC, the Released Parties and the Competition and to hold them harmless with respect to claims for Harm to me or my horse(s), and for the claims, demands, cause of accident, cost of charges and expenses of every kind and nature which may be incurred by reason of any accident, injury, or damage to person or property caused by ownerships, exhibition, or custody or control of any animal exhibited, made by others for any Harm caused by me, my horse(s) and/ or my property at the Competition.

I have read the Appaloosa Horse Club rules about protective equipment, including protective headgear, and I understand that I am entitled to wear protective equipment without penalty, and I acknowledge that the Appaloosa Horse Club, strongly encourages me to do so while WARNING that no protective equipment can guard against all injuries. I further understand that any minor child entered in the Competition is required to wear protective headgear during games/classes.

I AGREE that participation includes possible exposure to illness from infectious diseases including but not limited to COVID-19. While particular rules and personal discipline may reduce this risk, the risk of serious illness and death does exist. I knowingly and freely assume all such risks related to illness and infectious diseases, including COVID-19, even if arising from the negligence or fault of the ApHC, the Released Parties and/or the Competition; and I hereby knowingly assume the risk of injury, harm and loss associated with the Competition, including any injury, harm and loss caused by the negligence, fault or conduct of any kind on the part of the ApHC, the Released Parties and/or the Competition.

I AGREE to hereby release and forever discharge the ApHC, the Released Parties and/or the Competition from any claim whatsoever which arises or may hereafter arise on account of any first aid, treatment, or service rendered in connection with my participation in the Competition.

I AGREE to furnish all health documents required by the Competition for each horse entered, upon request of the show management and understand that any horse that develops a contagious disease during the show will be immediately quarantined and/or removed from the grounds under the instructions of the Show or State Veterinarian.

I AGREE that the ApHC has the sole right to control, sell, rent, supervise or give away (or to assign others the right to do so) the exclusive rights to photograph, broadcast, televise, reproduce, transmit and disseminate all or part of this event. I authorize the ApHC to make use of any photographs, films or video taken of the horses and exhibitors entered, while on the grounds or in transit between the stabling facility and the event site, in any way they see fit in the promotion of the Competition or the ApHC. No such advertising or promotional rights shall include the right to use a participant's name or likeness in a manner that implies endorsement of any company, product category or service.

If I am a parent or guardian of a youth exhibitor, I consent to the child's participation and AGREE to all of the above provisions and AGREE to assume all of the obligations of this Release on the child's behalf.

I AGREE that the "ApHC" and "Competition" as used above includes all the officials, officers, directors, employees, agents, personnel, contract labor, volunteers and affiliated organizations.

I represent that I have the requisite training, coaching and abilities to safely compete in this competition. By signing the entry blank, I AGREE to be bound by all applicable Appaloosa Horse Club rules and all terms and provisions of the ENTRY AGREEMENT. In the event of failure to sign an entry form, the first entry in a class will be deemed acceptance of said rules.

GENERAL RULES & REGULATIONS

FINAL INTERPRETATION OF THE RULES

The final right to settle all questions or disputes arising incidentally at the World Championship Show is reserved by the Show Management Team as designated by the ApHC Board of Directors prior to the start of the show. The Show Management Team has the right to revoke any award given at any time and all such decisions are final and not appealable except through the ApHC process defined in section 611.A in the 2025 Official Appaloosa Handbook.

TV & MEDIA

Attendance at an ApHC Sponsored Event, in whatever capacity, shall constitute authorization for ApHC, its agents, designees, or assigns to photograph, videotape, televise, post to the web or record by other means any person or animal on the premises of an ApHC Sponsored Event.

ACCOMMODATIONS INFORMATION

Show attendees must provide lodging information prior to picking up exhibitor packets. This form is available online or in the show office.

In addition, please encourage all those in attendance at the show, whether exhibiting or not, to assist the ApHC in the process of certifying hotel room usage by providing information on their lodging accommodations to the show office.

The State of Texas provides a financial incentive package to the ApHC to host the World Championship Appaloosa Show & World Championship Appaloosa Youth Show in Fort Worth. In order to sustain their financial support, the ApHC must certify the number of hotel room nights utilized in Fort Worth during the show.

COMMERCIAL EXHIBIT INFORMATION

For more information concerning the trade show and space rental, contact the Vendor Coordinator email at vendors@appaloosa.com. The Trade Show is open daily from October 24th – November 1st 9AM- 6PM. The trade show will close at noon on Saturday, November 1st.

Trade show contracts and additional information can be located on the ApHC web site on the World Show page.

Exhibitors are NOT allowed to sell retail items from their stall locations. Exhibitors wishing to sell retail items must purchase trade show space, pay all applicable fees, be located in appropriate trade show space and are subject to abide by a vendor contractual agreement.

Vendors and/or exhibitors will not be allowed to participate in the trade show without signing a vendor contract and are subject to all regulations contained therein.

Vendors are subject to Texas State retail and tax laws.

PAYMENT PROCEDURES

All entries must be made payable to the ApHC in U.S. funds drawn on a U.S. bank. Payment may be made in the form of personal checks, Visa, MasterCard, Discover Card, American Express, or cash. A 3.5% surcharge will be added to all credit card charges except American Express which will be 4%.

If you are paying by debit or with credit card it is advisable to contact your bank or credit card issuer in advance about charges in excess of \$200 (or your bank card daily limit) to avoid the charge being declined for security reasons. **Cards declined by the bank will be treated as insufficient funds and may result in your horse being excluded from the program and/or late stall fees or post-entry fees being assessed.**

Any check returned to the ApHC office due to insufficient funds will require certified funds and payment of a returned check charge of not less than \$45 in order for entries or stall reservations to be processed. If the customer has not paid all charges for returned checks prior to the show, the agent/owner must bring certified funds to the show office for the entries or stall reservations to be processed prior to the exhibitor receiving their back number packet.

The date at which funds are secured for declined credit cards or insufficient funds checks will be acknowledged as the date the entries and/or stall reservations are received and processed. Post entry fees and late stall charges may be assessed to entries or stall reservations for which funds have been declined and which have not been cleared prior to the pre-entry deadline.

OWNERSHIP AND MEMBERSHIP

Any horse exhibited in the show must be registered in the owner's name at the time of showing and must be entered as such. **All owners and exhibitors of horses being exhibited in the show must be current members in good standing with the ApHC.** If purchase of an ApHC membership is necessary, membership fees may be paid online at <https://www.appaloosa.com/membership> or accompany the entry form.

Memberships can also be purchased at the show. The membership must be funded and processed prior to the exhibitor receiving their back number packet or entering the arena.

All owners and exhibitors of horses being exhibited in open and/or non-pro classes at the show must also be a current-year member of an ApHC-affiliated regional club and may be required to show proof of such membership.

In order to compete in non-pro classes, the non-pro or member of their immediate family (per rulebook) must own or co-own the horse as evidenced by ApHC records prior to the first day of the show. Therefore, all transfers must be completed by the close of business on October 24, 2025, unless completing a transfer at the World Show. If completing a transfer at the World Show, see TRANSFER OF OWNERSHIP below. The competing non-pro must be a current ApHC member, enrolled in the non-pro program and must meet all eligibility requirements as stipulated in the *Official Handbook* of the ApHC. **Unrelated non-pros may not show the same horse in non-pro division classes at the World Championship Appaloosa Show.**

TRANSFER OF OWNERSHIP

ONE transfer of ownership per horse may take place during the World Championship Show. In order for the transfer to occur during the show, a properly completed transfer form (with *original* signatures) must be submitted to the show office along with the ORIGINAL certificate of registration. Additionally, a rush fee of \$200 must be paid in addition to the transfer fee and any needed membership fees. Complimentary lifetime rushes are not available for this purpose. The transfer must be funded and processed prior to the exhibitor entering the arena. Checks will not be accepted for transfer fees completed at the show.

Transferring the horse back to the original owner will not allow the original owner to show the horse at the World Show once the transfer has been completed. For example: A non-pro can show a horse, then transfer the horse to another non-pro, the new owner non-pro can show the horse, but then the horse cannot be transferred back to the original non-pro for them to show after the first transfer is complete.

The transfer will be processed in the show office for the purpose of showing at the World Show and new owners will be recognized during the show should the horse place in any open class in which the horse is qualified and eligible to be shown.

ALL TRANSFERS MUST BE COMPLETED BY 5:00 PM THE DAY PRIOR TO THE CLASS ENTERED.

In order for the horse to be shown in any non-pro class, the non-pro exhibitor must already be qualified or otherwise eligible to show in the class. The transfer will be processed in the show office for purposes of showing at the World Show. Unrelated non-pros shall not show the same horse in non-pro classes at the World Show regardless of transfer status.

Following the show, the transfer of ownership will be properly completed as a rush transfer in the ApHC headquarters office, and the certificate of registration will be mailed to the new owner.

CLASS PATTERNS

Patterns will be available to download from the ApHC website no later than October 1st. Pattern books will be available in the show office for purchase. Patterns will be posted in the paddocks the day of the class.

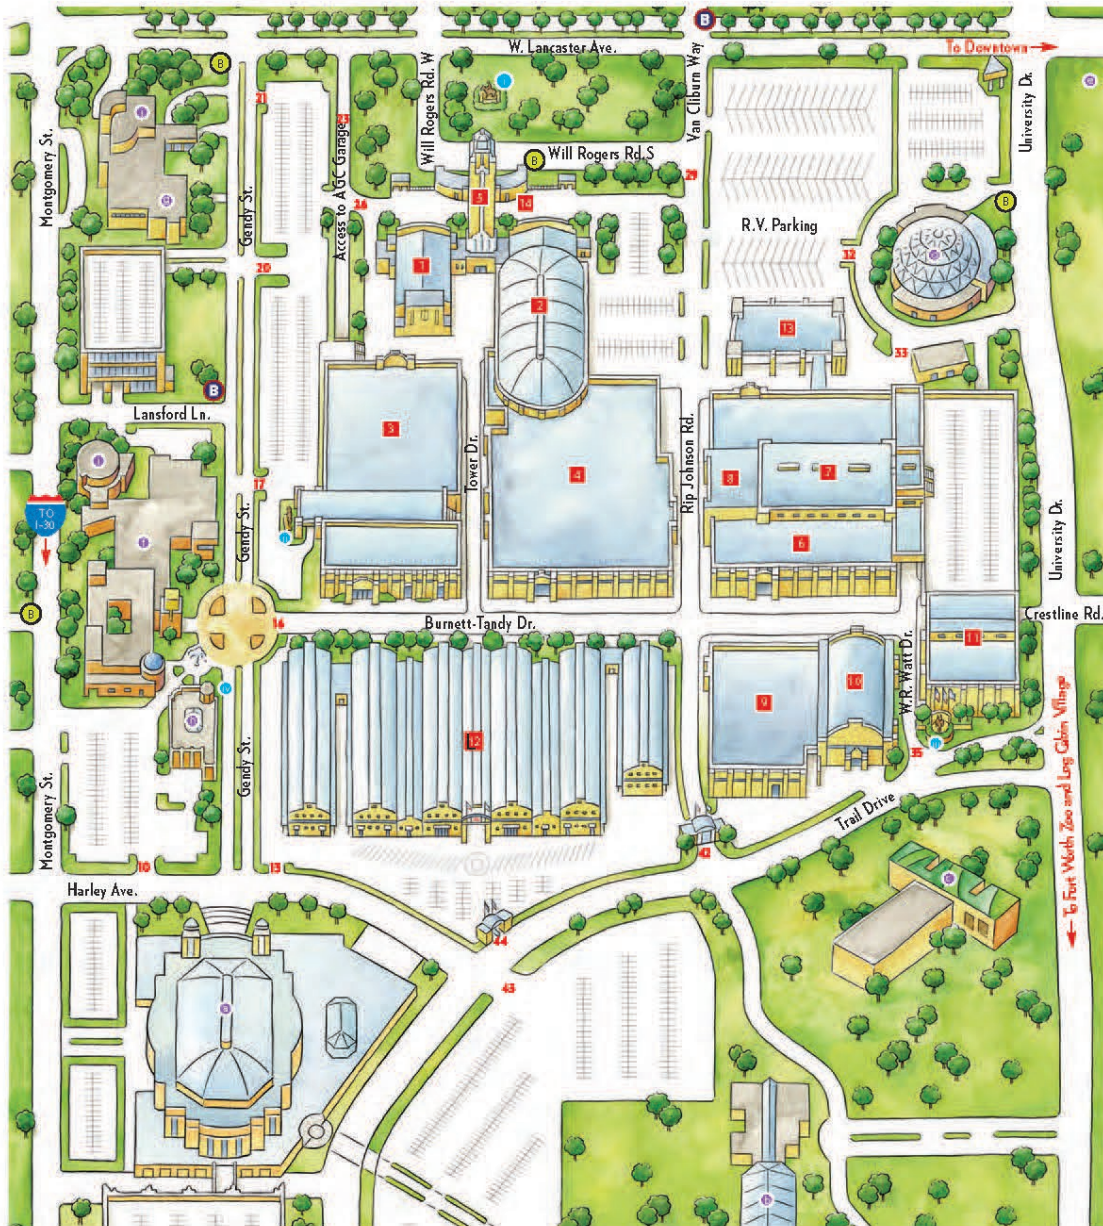

Exhibitors are responsible for checking patterns posted in the paddocks for any corrections or clarifications prior to exhibiting in the class.

FARRIER

The official farrier for the World Show is David Wiggins Jr. He is located between Barns 3 & 4. Exhibitors may use their personal farrier on site. However, other farriers wishing to do more than their regular customers or advertise for new customers on the grounds must receive permission from ApHC Show Office and the official farrier.

OFFICIAL PHOTOGRAPHER

The official photographer for the 2025 World Show is Becky Ruehle Photographix LLC. Photographers (including customers with cell phones) other than those authorized by Becky Ruehle Photographix or ApHC are prohibited from entering the arena and/or staging photographs at the out-gate, shall not offer services on the grounds during the show whether for monetary compensation or not. Professional photography equipment and cameras with lenses larger than 3 inches and professional photographers capturing images for sale or for free distribution on social media or networking sites are prohibited without the express written permission from ApHC.

OFFICIAL VETERINARIAN

In the event the ApHC designates a properly licensed veterinarian or veterinarians as the official veterinarian(s) or official drug testing veterinarian(s) for an ApHC-approved or sponsored event including, but not limited to, the National Show and World Show, as a service to exhibitors and other persons, and any exhibitor or other person directly or indirectly employs, retains, hires or otherwise utilizes the services, advice and/or expertise of such official show veterinarian(s) or official drug testing veterinarian(s), the ApHC shall not in any manner or to any extent whatsoever be liable or responsible for any action, conduct, decisions or services by such official show veterinarian(s) or official drug testing veterinarian(s). Such exhibitor or other person expressly releases and holds harmless the ApHC from any and all claims, liabilities, losses or actions of any kind arising from or in connection with the exhibitor or other person's employment, retention, hiring or utilization of the services, advice and/or expertise of such official show veterinarian(s) or official drug testing veterinarian(s).

The Official Show Veterinarian is Equine Sports Therapy of Whitesboro, TX. There may be veterinarians other than the ApHC Official Veterinarian on-site, however once the show starts vet scratches will not be accepted from anyone other than the ApHC Official Veterinarian.

Any animal on the grounds in immediate need of veterinarian care will be treated at the expense of the owner if the animal's owner(s) cannot be located.

DRUG TESTING

All horses entered in the show are subject to drug testing. For complete rules and regulations concerning the drug testing procedures, drugs, and medications, refer to Rule 40 of the Official Handbook of the Appaloosa Horse Club. The owner, trainer, or other responsible party must witness the blood and/or urine sample collection and sign the forms required by the veterinarian. Failure to do so waives any subsequent objections to the testing process or results. All class payouts will be issued pending drug test results. If a horse tests positive for unapproved drugs or unacceptable levels of an approved medication, all ribbons, trophies, and other awards shall be held in escrow by the ApHC until notification of the Disciplinary Committee's decision. Drug tests will be administered at the discretion of the ApHC. Those horses selected for testing must report to the drug testing station immediately following each class or random request. Once blood and/or urine samples have been collected, the horse may leave the testing stall. Drug testing procedures will be strictly enforced. Cooperation is mandatory.

DRUGS AND MEDICATIONS

New for 2025 is the Medication form- The Board of Directors added additional approved medications and significantly reduced the administration time frame for non-steroidal anti-inflammatory drugs and other commonly utilized therapeutic medications. The Board of Directors has voted to allow administration of our approved medications up to two (2) hours before the competition. As a result, the maximum and trace allowable levels for these medications must be recalculated and will be included in an addendum to the rulebook once completed by our drug and medication testing and veterinary partners. There is an Official Medication Form that must be filled out, signed, completed, and turned into the Show Office prior to competition or as soon as the Show Office opens. Complete rules, drug limitations, and FAQ related to the new process can be found online at <https://www.appaloosa.com/handbook>. Please familiarize yourself with the form, procedure, and envelope requirements prior to the show. For additional information or clarification, please contact the Chair of the Rules Committee at 319-404-1118.

WORLD SHOW PROGRAM

The World Championship Show Program will list all entries that are received in the ApHC office by the pre-entry deadline. The World Show Program will be available in the Show Office as well as online at www.appaloosa.com. Each exhibitor will receive one copy of the Show Program. Additional copies will be available in the office.

CLASS PROCEDURES

The ApHC has established class procedures to benefit the majority of exhibitors participating, within the limits of available budget, workforce, and time. If an exhibitor would like to review certain class procedures, they make a request to do so in the Show Office. When available, a Judges Monitor or Show Steward will make every attempt to review such procedures with the exhibitor.

PADDOCK PROCEDURE

Only exhibitors and their horses are allowed in the alleyway and holding area. This policy applies for the duration of the class, including eliminations and finals, etc. Once the horse has entered the paddock, only exhibitors entered in the class will be allowed to handle or ride their own horse. *For safety reasons, exceptions may be made to this in over-fence classes when an exhibitor is showing more than one horse in a class. Exceptions must be approved by the paddock manager.* Exhibitors not adhering to this policy may be disqualified from the class they are entering.

Grooming is prohibited in these areas including, but not limited to, any type of spraying.

Barn calls are a courtesy and will be made for each class and for all exhibitors entered in each class. Regardless of the circumstances, it is the exhibitor's ultimate responsibility to report to their class on time. Exhibitors must check in with the paddock announcer.

Paddock personnel will call exhibitors to enter the arena in their posted order of go. All horses must be ready and waiting in the make-up arena so they may enter the main arena promptly when called.

In classes in which an order of go has been posted, entries not entering the arena for judging in their posted order of go have missed their class and will not be allowed to enter the arena to compete.

In classes in which a time limit has been given to enter the arena, entries not in the arena at the expiration of that time limit have missed their class and will not be allowed to enter the arena to compete.

Late entries will not be admitted into the arena once the gate has been closed.

No refunds will be issued for missed classes.

EQUIPMENT JUDGES

Official Equipment Judges shall be employed by and be a representative of the ApHC. Equipment Judge(s) shall be responsible for attire and equipment rule interpretations. It is the responsibility of the exhibitor to know legal equipment and attire for the discipline they are showing. Final interpretations are the responsibility of show management. All bits, tack, appointments, and attire shall be checked by the equipment judge(s) prior to entering the arena. Any equipment considered to be inhumane or illegal by the Official Equipment Judge(s) must be removed or entry into the arena will be denied. The Official Equipment Judge(s) may disqualify an entry for illegal equipment, improper attire, inhumane treatment, unsoundness/lameness, or the presence of blood on the horse. See Rule 30 in the Official Handbook of the Appaloosa Horse Club for complete rules regarding inhumane treatment.

The Official Equipment Judge(s) shall have the authority to call for a blood sample and/or urine test on any horse.

Official Equipment Judge(s) may serve as an alternate judge at the discretion of show management.

BLOOD DISQUALIFICATION

In all classes and all divisions of classes, judges and/or equipment judges may disqualify horse(s) from the class if fresh blood is found on the mouth and/or body areas of a horse (i.e. including but not limited to the barrel, flanks, belly, sides, shoulders). **Judges and/or equipment judges have the sole authority to determine if the blood found on the horse warrants disqualification from the class and the judge's or judges' decision is final and not subject to protest.**

LAMENESS

Rules regarding unsoundness/lameness are adopted to protect the health of Appaloosa horses exhibited in ApHC-approved and/or -sponsored shows. At show management's discretion, either at the beginning and/or upon completion of a class or individual work, prior to leaving the arena the horse shall be asked to perform movements/maneuvers on a loose rein or lead to demonstrate soundness. Exhibition of a horse showing signs of unsoundness/lameness as determined by Official Judges in any class shall be cause for disqualification. See rule 712 in the *Official Handbook of the ApHC* for complete rules regarding lameness. A judge's decision as to the lameness of a horse is final and not subject to protest. Refunds will not be given for entries deemed unsound and excused from a class.

INHUMANE TREATMENT

The ApHC is committed to the humane and proper treatment of all animals. The welfare of the horse is the primary consideration in all activities. Horses will be treated with kindness, respect, and compassion at all times. Owners, exhibitors, trainers, and all responsible parties must always ensure the health and well-being of animals in their care including, but not limited to, handling, transportation, training, treatment, and stalling. Inhumane Treatments as set forth under Rule 30.A.1 of the Official Handbook of the Appaloosa Horse Club states that no person may treat a horse in an inhumane manner, which includes but is not limited to:

Placing an object in a horse's mouth so as to cause undue discomfort or distress.

Tying a horse in a manner as to cause undue discomfort or distress, including but not limited to, in a stall, trailer or when longeing or riding.

Letting blood from a horse.

Use of inhumane training techniques, equipment or methods including but not limited to poling or striking horse's legs with objects (i.e., tack poles, jump poles, etc.)

Attaching any item or appliance that restricts movement or circulation of the tail.

Inhumane treatment that causes a horse to bleed.

Any surgical procedure or injection of any foreign substance or drug which could affect the horse's performance or alter its natural conformation or appearance is prohibited, except for those surgical procedures performed for the sole purpose of protecting the health of the horse.

Exhibiting a horse that appears to be sullen, dull, lethargic, emaciated, drawn or overly tired.

If fresh blood is found on any mouth and/or body area of a horse, (i.e., including but not limited to barrel, flanks, belly, sides, shoulders) the judge(s) must excuse the horse from the competition.

Withholding food and/or water for prolonged periods of time such that it causes undue discomfort or distress to the horse.

Excessive spurring or whipping.

Excessive jerking of reins.

Excessive fencing.

Excessive or aggressive spinning.

Use of prohibited equipment, including, but not limited to: saw tooth bits; hock hobbles; tack collars; or tack hackamores; riding in a curb bit without a curb strap; wire or solid metal curb straps no matter how padded; wire cavesson; wire or cable tie-downs (unless wrapped or padded); bumper bits; metal bosals (no matter how padded); chambons; headstalls made of metal (no matter how wrapped or padded); twisted rawhide or rope may not be used on a horse's head (3/8 inch rope may be used with a slip/gag bit); running martingales used with curb bits and/or used without rein stops;

Applying excessive pressure on or excessively jerking a halter lead shank or allowed lip chain.

Any other treatment or conduct deemed by a show official to be inhumane or abusive.

Exhibiting a horse that has an open, raw, or bleeding sore that repeatedly comes in contact with the hackamore.

The standard by which conduct, or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures, would determine to be cruel, abusive, and inhumane.

A Show Steward may be employed by and be a representative of the ApHC. He/she shall monitor the treatment of horses on the property. Upon discovery by a show official, show steward or barn monitor of inhumane treatment, show management may immediately disqualify the horse and exhibitor and report the matter to the ApHC for further disciplinary action. Refunds will not be due for such disqualification.

PERSONAL SAFETY & SECURITY

REMIDERS!

The ApHC wants to remind everyone to have a safe and enjoyable show!

As many of you prepare for extended journeys through unfamiliar areas, it's wise to plan in advance. Here are some tips that may already be familiar, but revisiting them and discussing safety with your family is always beneficial. Additionally, this is an ideal opportunity to review the security measures in place to protect your belongings. Take proactive steps now to ensure that you and your family are not easy targets for thieves and criminals.

- Be aware of your surroundings. If something doesn't look or feel right, trust your instincts.
- Park and walk only in well-lit areas. Travel in pairs, especially at night.
- Children should be with a responsible adult at all times.
- Look for a hotel with 24-hour on-site security.
- Do not leave valuables in your vehicle.
- Don't carry large amounts of cash. Think about replaceable travelers' checks or debit cards with fraud protection instead. Keep a list of credit card and bank contact numbers in a separate place that you can use to cancel cards or accounts if necessary. Have a backup plan in case your purse or wallet is stolen.
- Purses, wallets, GPS devices, briefcases, bags, laptop computers or anything that looks valuable should never be left in a vehicle or unattended area.
- Spare wheels, tires and even whole trailers can be targeted by thieves. Locking the hitch on your trailer and the spare on your truck will make you a less attractive target.
- Lock your tack stall. Even if you're only going around the corner or into another stall, always lock up.
- Label your cell phone, camera, cases, tack carriers, etc. Found items are returned more quickly if the owner can be easily identified.
- If you can, leave your dogs at home. If you bring a dog, keep them on a leash or penned up. Please make sure they are wearing tags with a local or cell number where you can be reached.
- Put a label on your horse's stall with your cell, hotel, and local contact information so that you can be reached in the case of a horse emergency.
- If you see a horse in distress and the owner is not around, contact the show office or the stall office.

WRMC and ApHC is not liable for stolen property or damages incurred due to theft.

STALL AREA

Refrigerated air units, microwaves and other appliances are prohibited in the stall area. Aisles may not be blocked with obstructions including, but not limited to, chairs, carts, roping dummies, stall decorations or golf carts.

GOLF CARTS

Any person operating a golf cart in an unsafe, reckless or dangerous manner will be detained by law enforcement officers. In some cases, golf carts can and will be impounded.

- Golf cart operators **MUST** have a valid driver's license with them at all times.

STALL RESERVATION FORM:

The stall reservation form must be completed and submitted with each horse's registered name and registration number. List all horses that will be occupying stalls. Include the total number of stalls on one card only. Stall requests not included in the same envelope or not faxed together are not guaranteed to be stalled together.

NOTE: The person listed as "stalled with" is responsible for all money due and will be held liable for all damages reported to stalls and is responsible for any payments due for damage or stall panels that are removed and not replaced by the exhibitor.

ApHC will attempt to stable each trainer/ranch/group according to choices requested on the stall reservation form. However, stabling decisions are made based upon the stabling history of the person listed as "stalled with" at this show, sponsorship levels and based upon the availability of stalls in the requested area(s).

If you request additional stalls upon arrival, or after the original request is received, those stalls must be paid for at the time of the request and may not be located with your other stalls. Stalls purchased after September 19 will be at late prices regardless of when you purchased your original stalls.

STALL DECORATIONS:

If your stalls are located on an aisleway in the Burnett, Richardson-Bass, or Moncrief buildings, the ApHC *requests* that they be decorated for the duration of the show for presentation to the public and to minimize any potential hazards that occur while assembling decorations and which may cause harm to fellow exhibitors and horses. If they are not, you may not receive consideration for that location at subsequent shows.

Stalls in the Burnett and Richardson-Bass buildings are on concrete floors and stalls measure 9'10" wide by 9'8" deep.

Portable stalls (measuring 9'5" x 9'5") are set in the Moncrief building, Equine Multi-Purpose building and in all the cattle barns. Stalls in the Equine Multi-Purpose Building are on concrete floors. Stalls in the Moncrief building and cattle barns are on dirt floors.

All materials used in decorating stalls must be treated with a fire retardant or be made of fire-retardant material. Any fabric or paper used or draped on stalls must be fire-resistant or treated with flame retardant. Due to fire regulations, stall aisles cannot be blocked or closed off to through traffic. The Fire Marshall will be on-site randomly inspecting decorations for compliance with regulations.

The person listed as "stalled with" is responsible for any damage to stalls, and for any clean-up of materials such as decorations, signs, fabric, nails, tacks, wires, etc. Any damages assessed by WRMC will be billed to the person listed as "stalled with".

STALL OFFICE HOURS:

The stall office is located in the Brown Lupton South Hall and will open on Wednesday, October 22 at 6: 00 a.m. and will be open 24 hours a day thereafter through the last class of the show.

STALL CHECK-IN PROCEDURES:

After arriving at the Will Rogers Memorial Center, you must check-in at the stall office to receive your location.

You must verify with stall office personnel the names of all horses that will be stalled. You will receive a stall ledger from the stall office listing stall locations and proof of payment (only if changes are made after the original reservations were received). The ledger must be presented in the show office when picking up your exhibitor packet. Exhibitor packets for horses entered that do not have verified stall locations will not be released.

The person listed as "stalled with" is responsible for any damages and for ensuring that the stalls will be left in good, clean condition.

STALL MAINTENANCE:

Exhibitors are required to keep their stalls clean and neat, dispose of refuse matter in designated dump areas and remove all items and materials they attach to the stalls, including decorations and all signs.

STALL FORFEITURE OF LOCATION:

Per Board motion, any suspended person or person otherwise ineligible to participate at the National and/or World Show(s) shall forfeit any preferred stall(s) location at the National and/or World Show(s). In connection with any member's stall entry reservation application for the National and/or World Show(s), if the person they list as "being stalled with" is suspended or ineligible to participate at the National and/or World Show(s), the member applicant will forfeit their preferred stalling location(s) at the National and/or World Show(s) as applicable. All other members stalling with any suspended or ineligible person will forfeit their preferred stalling location(s).

Stalling location refers to any established or designated area that the suspended or ineligible person has usually occupied. At the end of the suspension or ineligibility period any such preferred stall location(s) shall not revert back to the suspended or ineligible person or other members who forfeited their preferred stalling location(s).

STALL BEDDING:

Shavings are for sale at the WRMC grounds. Current shavings prices are \$9/bag of small, loose shavings or \$13/bag of large, compressed shavings or large mixed shavings. Orders can be placed at the shavings office located in Barn 4. During evening hours when the shavings office is closed, you may purchase a limited amount of shavings from WRMC through the ApHC stall office.

No outside commercial vendor deliveries will be permitted. Exhibitors are not allowed to bring their own shavings onto the grounds and will be billed for unauthorized shavings. Costs to remove unauthorized bedding will be billed to the exhibitor.

As a service to World Show exhibitors, the ApHC will accept pre-bedding orders on behalf of the WRMC for orders of **50 or more bags of shavings**. Orders must be received on one order form for shavings to be delivered. All trainers/stalling agents must be on one order form. A pre-bedding form is available online by clicking on the World Show logo at www.appaloosa.com. **Submit pre-bedding forms completed in their entirety directly to the ApHC no later than October 5 and make checks payable to the ApHC.** **Requests not received in the ApHC office by October 5 will not be filled.** In most cases, delivery of pre-bed orders will be made prior to your arrival on the grounds.

The shavings vendor is not affiliated with the ApHC. The ApHC assumes no responsibility and/or liability of any kind in connection with any bedding/shavings purchased from the on-site vendor.

To compete in non-pro classes, the non-pro, or a member of their family (as defined in Rule 900.J) must own or co-own the horse as evidenced by ApHC records prior to entering the class (see Rule 907.B). Therefore, all transfers must be completed by the ApHC on or before October 24, 2025, OR processed as a completed rush on-site transfer by 5:00PM the day prior to the class being entered. The transfer must be funded and processed prior to the exhibitor entering the arena as well as follow all other rules related to adding a class.

All people competing in non-pro events must be current ApHC members, must be enrolled in the ApHC non-pro program and must meet all eligibility requirements as stipulated in the Official Handbook of the ApHC. Unrelated non-pros may not show the same horse in non-pro division classes at the World Show.

LIMITED OPEN

The Appaloosa Horse Club is offering a limited open class that will run concurrently with most open classes at the 2025 World Show. Please see the schedule posted online or in this premium book for specific class information. Limited open classes are not offered in heritage, saddle seat pleasure, pleasure driving, men's or ladies' western pleasure or yearling in-hand trail.

NSBA dual approval is not offered in the limited open classes, just the Open.

An exhibitor in the limited open class is required to enter the open class.

Exhibitors can verify limited eligibility (based only upon ApHC-sponsored event history) by clicking on this link and entering your membership number - <https://www.appaloosa.com/verify-membership-eligibility>

Eligibility is determined by earned Championships. Earned Limited Championships are counted equally with Open Class Championships. Hereafter, the use of the term Championship shall denote a title in either the Open Class or the Limited Open Class. This includes competition titles or titles won in organizations with which we share reciprocity under rule 20.H.3. This applies to Open, Level 2, and Intermediate categories. Eligibility based on titles won in other organizations is on the honor system and any member found to be in violation of this rule is subject to a hearing with the disciplinary committee.

Exhibitors qualify for Limited Eligibility in each specific "set of open classes" as described below. Becoming ineligible in one "set of open classes" does not affect eligibility for the remaining "sets of open classes."

SET OF OPEN CLASSES

A "set of open classes" refers to a grouping of classes in which the exhibitor uses a particular skill set to present the horse.

The Limited Program is structured around specific individual skill sets required for each division or class. The program is divided into the following categories/sets:

- 1. Halter division**
- 2. Western Pleasure division**
- 3. Hunter Under Saddle division**
- 4. Western Riding division**
- 5. Trail division**
- 6. Hunter In Hand division**
- 7. Over Fences/Jumping division**
- 8. Hunter Hack division**
- 9. Cutting division**
- 10. Working Cow Horse**
- 11. Reining (excluding ranch reining)**

The following will have limited eligibility per Individual classes

All Roping Classes

All Ranch Classes

All Game Classes

Limited Eligibility is based upon the exhibitor's eligibility as of January 1 of the current year.

Limited Eligibility is automatically granted to any exhibitor who has not won an Appaloosa World championship or Appaloosa National Championship title, (in a given set of open classes) in the past three years and/or has not won five or more World or National Championship titles in total (in that set of open classes). Exhibitors who have earned five or more such titles are permanently ineligible as a Limited Exhibitor for that "set of open classes."

Championships, either Open or Limited, where there are fewer than three entries do not count against Limited Open eligibility. If an exhibitor were to win the open and limited title at the same time, this would count as a single win instead of two Reserve Championships do not count against limited open eligibility. Non-pro and Youth Championships do not count against Limited Open eligibility.

Upon earning one, or up to four, Championships in a "specific set of open classes" in a given year, the exhibitor is ineligible for that "set of open classes" during the next three years, rolling from the last earned Championship or Limited Championship. After this wait period, an exhibitor who has not yet accumulated five Championships, has their Limited Eligibility restored, subject once again to the accumulated five titles and three years rolling ineligibility provisions.

HORSE ELIGIBILITY

Entry into the limited class only does not waive any qualifying or eligibility requirements as required to enter the open class. All horses shown in all open and/or limited open classes must be qualified or otherwise eligible to show in the open class.

GREEN HORSE ELIGIBILITY

Green Horse eligibility will follow Rule 607.O and 727.K. If you believe there is an error in a performance record of a specific horse, you must notify ApHC prior to entering the class. Any class entered after the entry deadline, based on eligibility requirement discrepancies will be considered a late entry and charged the appropriate fees.

Please check limited and green eligibility in advance of entering a limited class as refunds will not be issued except for vet scratches that meet all requirements as detailed in vet scratches/refunds in this premium book.

TWO-YEAR-OLD SNAFFLE BIT ELIGIBILITY

The ApHC Board of Directors voted to allow exhibitors to show their two-year-old horses in a maximum of three classes at the World Show (including two-year-old snaffle bit/hackamore classes) without affecting the horse's two-year-old hackamore/snaffle bit eligibility (eligibility is determined on day one of the World Show). In order for a non-pro exhibitor to show a two-year-old horse that they own in any non-pro class, the non-pro exhibitor must be qualified or otherwise eligible to compete in that class.

NON-PRO WALK/TROT ELIGIBILITY

900. NON-PRO ENROLLMENT AND PARTICIPATION RULES

H. CHANGE OF STATUS A professional continues to be such until he/she has received non-pro status from the ApHC Show Department. Any person who has been a professional and who desires to be reclassified as a non-pro on the grounds that he/she no longer engages in the activities which made him/her a professional, must so notify the ApHC in writing. The applicant must have not engaged in such professional activities for a period of at least three years prior to the date of application in order to obtain non-pro status. The burden of proving non-pro status is on the applicant, who must file a notarized application supported by two or more notarized letters from ApHC current active members outlining the applicant's activities during the non-professional period and testifying that the applicant has not engaged in any activities which would make him/her a professional during said time period. Any exhibitor having received prize money in any Equitation or Showmanship class who wishes to obtain non-pro status must file the same application. A professional reclassified as a non-pro is not eligible to show as a novice nor in non-pro walk/trot classes.

Only Walk/Trot exhibitors may cross enter Ranch Trail, Trail, Western Pleasure and Ranch Rail Pleasure.

Entry Fee - \$40. There is no post entry charged for NSBA entries. No refunds will be given for NSBA dual-approved class fees.

Those exhibitors who wish to compete for NSBA awards and points in the available classes must either complete the NSBA entry form available online, or check the NSBA box under each eligible class using the online entry system. Owners and exhibitors competing for NSBA dual-approved recognition must provide proof of NSBA membership or purchase NSBA membership at the time entries are made.

For a complete list of eligible classes, refer to the schedule in this premium book for classes designated as NSBA-dual approved.

The ApHC will provide class results to NSBA for inclusion in NSBA standings. Those exhibitors receiving first place NSBA honors in these classes will also receive a NSBA trophy or plaque (award is dependent upon the number of NSBA entries in the class the prior year).

CLASS INFORMATION

HERITAGE

All entries in heritage classes must submit a type-written, 14-point font, double-spaced description of their costume. This description must not be more than 200 words, written in third person and submitted to the show office by 5 p.m. the day before the class. This description will be read by the announcer during the class. The ApHC reserves the right to edit content. When the announcer has finished reading the description, each exhibitor will have one minute (this will be timed) to answer questions posed by the judges or to give additional information about their costume. At the expiration of the one-minute time limit, the judges will move on to the next exhibitor without delay.

Per Motion 17-3-2023, in heritage classes, no paint will be allowed on horses or exhibitors, no symbols shall be marked on the horse's body and no wigs on exhibitors. The ApHC Board of Directors strongly encourages participants to represent a heritage to which they belong and to be respectful of all cultures at all times.

TEAM ROPING (non-pro)

In non-pro judged heading and judged heeling classes, the non-pro will be allowed to rope with any partner of their choosing. Non-pro ropers are not required to team rope with a non-pro member. However, all partners must be members in good standing of the ApHC. Headers are not allowed to "tie-on" in non-pro judged heeling. All "help horses" must display an ApHC-issued back number.

YEARLING LONGE LINE

See the *Official Handbook of the ApHC* for complete rules. At the World Championship Appaloosa Show, each exhibitor may show a maximum of two horses in each longeline class including open longeline, stallion service auction longeline, non-pro longeline and any specialty association longeline classes.

WINDEMERE HUNTER CLASSIC

High-Point Classes & Calculations

(Round 1) Horses must show in O523 Pre-Green Hunter, O520 Green Hunter or O500 Working Hunter. Or the horse may be shown and count points in N170 Non-Pro Working Hunter or Y360 Youth Working Hunter but only if the horse is not being shown in any open working hunter class. These classes will be considered "Round 1" and each horse may earn points from one class in round 1 toward the overall high-point award standings. If a horse is shown in more than one open class in round 1, they will count points toward the award from the class in which they earned the highest number of points. (Example - if the horse places 1st of 3 horses in one class and earns 4 points and also places 5th in a class of 12 horses thereby earning 6 points, the horse will receive 6 points toward the high-point award in round 1.) Horses shall only count points from non-pro working hunter or youth working hunter toward the high-point award if they are not shown in any of the open classes listed above.

(Round 2) All horses competing for the Windemere Hunter Classic high-point award must enter O528 Windemere Hunter Classic in round 2. This is a working hunter class in which all horses compete against every other horse competing for the high-point award. Fence heights will vary in this class to allow for pre-green and green horses to maintain their class eligibility. The Pre-Green course will include fences ranging in height from 2'6" - 2'9". The Green course will include fences ranging in height from 2'9" - 3'0". The open course will include fences ranging in height from 3'0" - 3'3". The working order in the class will be determined by the fence height at which each horse jumps. Horses placing 1st through 10th in the Hunter Classic in round 2 will earn points toward the high-point award. This is a non-qualifying class and any horse may enter regardless of whether or not they competed in round 1. Horses ridden by non-pro or youth competitors and not shown in any open classes will jump fence heights corresponding with their non-pro or youth classes.

Payback in this class will be according to Premium Payback rules contained in this premium book. Post entry fees apply to horses entered after the pre-entry deadline. All other rules contained in this premium book apply to entries in this class. Ribbons will be awarded through 10th place in this class.

(Round 3) All horses competing for the high-point award will compete in class O529 Windemere Hunter Under Saddle Classic. Horses will be shown at the walk, trot and canter both directions on the rail. Judges may ask for variations of gaits including extended gaits and/or hand gallop. Judges will place this class as a rail class. Trophies and ribbons will be awarded through 10th place in this class. Horses placing 1st through 10th in the Hunter Under Saddle Classic in round 3 will earn points toward the high-point award. This is a non-qualifying class but is limited to horses that competed in the Hunter Classic class in round 2.

The entry fee for this class is \$150. Post entry fee of \$190 is due for those horses entered after the pre-entry deadline. \$100 from each entry fee paid into this class (or \$140 from each post entry fee) will be paid back to the overall top point-earning horses in the Windemere Hunter Classic High-Point Award calculation.

See AWARD CALCULATIONS & TIE-BREAKING PROCEDURES for information on how points are awarded in each class/round toward the high-point award standings.

Awards & Sponsors

Awards will be given to the top 10 point-earning horses based upon calculations from all three rounds.

Sponsorship money received prior to the World Show will be paid back to top point-earning horses in the high-point calculations. In addition, a portion of entry fees from round 3 will be added to the payback purse for the overall high-point winners.

Additional information on payback and awards will be available at the World Show as the breakdown is dependent upon the number of horses entered.

ApCHA World Show Cutting Class Rules and Regulations

1. Horse owners and riders must be current members of the ApHC, ApCHA, and a regional club to show. All horses shown must be registered with the Appaloosa Horse Club. Exhibitors must wear a long-sleeved collared shirt, jeans, chaps, boots, and cowboy hat. Horses shown may not enter a class without a stamped number (numbers are stamped at the inspection station).
2. Classes will be held in accordance with the National Cutting Horse Association rules for judging and scoring. Horses regardless of equipment must be shown one handed (Herd Work is the exception) in accordance with NCHA judging rule 8:
While working, a horse will be penalized one (1) point each time the reins are used to control or direct (to rein) the horse. (A)one (1) point penalty shall also be charged whenever a horse is visibly cued in any manner. If the reins are tight enough that the bits are bumped at any time, they shall be penalized one (1) penalty point(B) per occurrence per cow in the 1-point penalty column, even though the hand of the rider does not move. In addition, put a minus in the loose reins column per cow and take off at the end of the run to increase the severity of this rule in fraction.
> A horse must be released as soon as the desired animal is clear of the other cattle. Additional reining, cueing, or positioning will result in a one (1) point penalty for each occurrence.
> The rider shall hold the bridle reins in one hand. A three (3) point penalty shall be charged if the second hand touches the reins for any purpose except to straighten them...
3. ApHC EQUIPMENT RULES (ApHC Rule 715.A) are enforced. Senior horses (6 years and older) may only be shown in a curb bit, half-breed, or spade bit. Junior horses (5 and younger) may be shown in a snaffle bit, hackamore, curb bit, half breed or spade bit. Reins must be spit, the use of romals is prohibited except in ApCHA Herd Work.

Classes

3-Year-Old-Futurity: Open class, for 3-Year-Old Appaloosas. The futurity will consist of two goes, with the winner and placings being determined by composite score of both runs.

4-Year-Old-Derby: Open class, for 4-Year-Old Appaloosas. One run with the combined judges scores determining the winner and placings.

5 & Up: Open class, for Appaloosas aged 5 years or older. One run with the combined judges scores determining the winner and placings.

Jane Norman Memorial (Masters Non-Pro Cutting): This class is for Non-Pro riders determined by ApHC rules for non-pro, 50 years of age and older. Any age Appaloosa, one run with the combined judges scores determining the winner and placings.

Non-Pro Bonanza: This class is for non-pro riders determined by ApHC rules for non-pro as well as youth riders as determined by ApHC rules. Any age Appaloosa, one run with the combined judges scores determining winner and placings.

Herd Work: (previously called ApCHA Ranch Cutting) Open class for Appaloosas of any age. Riders do not have to own horse shown. Judged using a modified version of NCHA rules. The modifications will only pertain to scoring as it relates to reining the horse. Horses shown in ranch cutting may be shown 1 OR 2 handed regardless of bit used (ApHC equipment rules still apply). This is the only cutting class where the use of romal reins is allowed. A participant shall not be penalized for guiding or reining the horse, one point reining penalties and second hand on rein penalties will not be charged by judge. A participant excessively reining a horse or using direct force by jerking or pulling a horse around may be penalized. This rule may be subject to each individual judge's interpretation. All horses should be judged based on run content regardless of showing one of two handed. Riders must show the class as they enter the pen, i.e.: if rider chooses to show 2 handed, they must stay 2 handed for the entirety of the class, same goes for 1 handed. The class will run for 2 ½ minutes and exhibitors may work 2-3 cows.

ENTRIES

Entries must be submitted electronically via the ApHC on-line entry program or in writing. If submitted in writing, entries must be made on printed entry forms furnished by the ApHC (copies of printed forms accepted), signed by the proper parties and accompanied by all entry fees, equipment charges, cattle charges and a completed W-9 form for the first listed owner on the Certificate of Registration.

Changes to entries must be submitted in writing. Changes to entries will not be accepted by telephone.

The ApHC is not responsible for lost or late entries or for emailed entries. **The ApHC recommends using the online entry system or certified/registered mail as these options provide confirmation that your entries were received.** Exhibitors are responsible for ensuring that emailed entries are received by the ApHC.

The IRS requires the ApHC to obtain the correct taxpayer identification number (TIN) for persons for whom we have to file an information return (i.e. 1099 Miscellaneous for premium payback). This form must be completed by the owner or in the case of multiple owners, by the first listed current owner. If the correct TIN is not provided, subsequent payments can be subject to backup withholding per IRS regulations. Premium checks and/or award checks will not be issued until the ApHC has a W-9 on file for all persons receiving these checks. You are required to complete a W-9 with the appropriate certifications and submit it with your entry. This information must be provided to the ApHC regardless of the age of the owner. Your exhibitor packet will be held if this form is not submitted with your entry. A W-9 form is available on the ApHC website.

The social security number listed on the W-9 should be that of the owner, or in the case of multiple owners, that of the first listed current owner on the Certificate of Registration. No other social security number is acceptable. International residents must complete IRS Form #W-8ECI or the ApHC must deduct 30% of any monies earned.

Social security numbers must be provided for individuals. Taxpayer identification numbers will not be accepted in lieu of a social security number for individual owners. This information must be provided to the ApHC regardless of the age of the owner.

SHOW OFFICE

The show office is located adjacent to the Stall Office in the Brown Lupton South Hall. The show office will be open October 23 from 8 a.m. to 5 p.m. Beginning the first day of the show, the show office will be open from 6:30 a.m. until the last ApHC class enters the arena for judging or until 9:00 p.m. (whichever is earlier) and will not close before 6:00 p.m. These are the only times that exhibitor packets can be picked up, class additions or scratches can be made, or horse or exhibitor changes can be processed.

Post entries must be made by 5:00 p.m. the day prior to when the class is scheduled.

The show office will NOT cash any checks. Third party checks will not be accepted.

See SUBSTITUTIONS and SCRATCHES/REFUNDS for further information.

HEALTH INSPECTION

The ApHC requires that ALL horses, of ALL ages, on the show grounds whether entered in the show or not and including those on the grounds that are not registered with the ApHC to be accompanied by a current 30-day health certificate (dated on or after September 27, 2025) as well as a current, within twelve months, proof of negative Coggins (dated on or after November 1, 2024) administered by a licensed accredited veterinarian, showing positive identification of the horse, the horse's temperature, and the name and address of the laboratory performing the tests. This documentation MUST be presented in the show office for every horse on the show grounds.

If Coggins and health certificates are not available, the horse will be quarantined until proper documentation is received and/or testing is conducted at the expense of the owner. Quarantined horses shall not be allowed to compete, and entry fees will be forfeited until health papers are presented in the show office.

Make sure the veterinarian uses registered names on the health certificate and Coggins rather than "barn names."

All horses are subject to inspection by the Show Veterinarian or State Veterinarian at any time or if suspected of harboring a communicable disease. All horses must be serviceably sound.

ApHC recommends all horses be vaccinated for tetanus, influenza, Eastern/Western encephalitis, Rhinopneumonitis, equine herpesvirus type 1 (EHV-1), equine herpes virus type 4 (EHV-4) and West Nile Virus.

EXHIBITOR/JUDGE CONDUCT

ApHC judges shall not have any social contact with exhibitors, owners, trainers, or agents 48 hours prior to, during and for 48 hours after completion of judging of any ApHC event. This includes personal contact, phone calls, text messages and all forms of social media. If approached by exhibitors, owners, trainers, or agents before, during, or after an approved or sponsored ApHC show, the judge should be polite, professional, and courteous but should make every effort not to engage in social activities. If during the event an exhibitor has a question for a judge, the exhibitor is required to go to the Show Office and make the request which will then be forwarded to a Judges Monitor. No exhibitor shall approach a Judge without a Judges Monitor present.

CERTIFICATE OF REGISTRATION

Original Certificates of Registration must be presented to the Show Office when picking up exhibitor packets for each horse prior to showing. **PHOTOCOPIES WILL NOT BE ACCEPTED!** It is not the responsibility of the ApHC to provide original Certificates of Registration.

EXHIBITOR NUMBERS

One exhibitor number will be assigned to each horse. This number will be used for all classes in which the horse is entered. If the horse is entered in more than one division (open & non-pro or ApHC & a specialty association class) one exhibitor number will be issued.

In addition to ApHC classes at the World Show, there are various specialty associations conducting classes. In cases in which the horse is already entered in ApHC classes at the World Show, the horse must be shown in specialty association class(es) using the exhibitor number issued by the ApHC. In cases in which the horse is not cross entered in ApHC classes at the show, exhibitors must pay a one-time drug testing fee of \$60 per horse and receive their exhibitor numbers from the ApHC show office.

In order to receive a back number, all other show requirements must be fulfilled including presentation of the horse's original Certificate of Registration, proof of negative Coggins, health certificate and the horse must be stalled. In addition, the owner and exhibitor must be current ApHC members in good standing and must be current members of an ApHC-affiliated regional club.

Please see HEALTH INSPECTION for information pertaining to required health papers for all horses on the grounds, regardless of whether they are entered in ApHC World Show classes.

To ensure that your placings are accurate, it is essential that the correct exhibitor number is used for all classes and displayed in the correct manner (see rule 711.M of the *Official Handbook of the ApHC* for complete rules for each class). Failure by exhibitor to display the correct number and in a visible manner while being judged shall result in disqualification from the class.

SUBSTITUTIONS

If substitution of a horse is necessary in a non-pro class or of an exhibitor in an open class, such changes must be made in the office prior to 5:00 p.m. the day before the class is held.

No exhibitor or horse changes will be accepted at the announcer's stand or paddock.

No exhibitor changes will be allowed in non-pro classes.

No horse changes will be allowed in open classes.

Any horse entering the arena in which the exhibitor is anyone other than the one on record with the ApHC show office and in which an exhibitor change has not been filed with the show office prior to the class entering the arena will be disqualified.

WORKING ORDER

All working orders in elimination and final classes will be decided or drawn by show management in accordance with official ApHC rules.

If you or your horse are entered in back-to-back or concurrent classes and feel that this will cause a time constraint, you must inform the show office by 5 p.m. the day prior to the classes and request a change in the order of go.

Adjustments shall only be requested for direct horse or exhibitor conflicts.

No adjustments will be made for trainer's convenience or non-show conflicts. Order of go adjustments are made to address direct horses/exhibitor conflict. If possible, show management will then adjust your working order. If you do not contact the show office prior to 5 p.m. the day before the class in question, we may not be able to accommodate your request. Once working orders or cuts have been posted, changes will not be made unless approved by show management.

VET SCRATCHES/REFUNDS

Horses that become sick or injured PRIOR to the start of the show must submit a vet's statement concerning the condition of the horse, the horse's registration name and number and date the sickness or injury occurred. This documentation must be received in the ApHC Show Office PRIOR to that horse's first class for any refund to be considered.

As of the first day of the show, only statements from the Official Show Veterinarian, along with an official class scratch form, will be accepted for horses that become sick or injured on the show grounds. All documentation must be in the Show Office PRIOR TO THE CLASS ENTERING THE ARENA. Forms/documentation received after the class has entered the arena will not result in any refunds of any kind.

If a horse does not compete in a class in which it is entered and a vet certificate and official scratch form has NOT been received in advance of the class, the entry fees will be forfeited.

If a horse is disqualified from being shown by management or officials or if a horse is entered and not shown, all fees will be forfeited.

Properly completed vet scratches are the only instances in which refunds will be allowed. At the conclusion of the show and after the completion of a financial review, the class entry fee(s) will be refunded less a \$20 per class office charge.

The \$60 administrative fee, NSBA fees, equipment fees and cattle fees are not refunded.

In cases where a horse is vet scratched (with a signed/dated statement from the attending veterinarian) at least 15 days prior to the first day of the show (by October 9th), in addition to other eligible class refunds, equipment and/or cattle fees will be refunded in full and stall fees will be refunded less a \$20/stall office fee. Cattle and equipment charges are non-refundable after October 9, 2025. Absolutely no refunds, regardless of circumstances, for administrative/drug testing fees, equipment fees (after 10/2), cattle fees (after 10/2), NSBA fees, ApHC practice class fees, RV fees (after 9/29), stall fees (after 10/12) or credit card surcharge fees will be given under any circumstances.

Refund checks, for all entries originally paid by check or credit card, will be mailed to the original payee approximately 30-45 days following the last day of the show. No refunds will be made on amounts of \$10 or less.

No refund allowance can be applied to charges while at the show. This is the only circumstance under which refunds will be issued.

DISQUALIFICATION

Any exhibitor, horse or owner disqualified from any class for any reason shall not receive a refund. When disqualification occurs by the show management or judges, the decision is final. In addition to other disqualifications as outlined in the rules and regulations contained in the *Official Handbook of the ApHC*, judges (including equipment judges) shall have the authority to disqualify entries for illegal equipment or attire, inhumane treatment, unsoundness/lameness or the presence of blood on the horse. See rule 30 of the *Official Handbook of the ApHC* for more information.

Exhibitors are not allowed to wear earpieces or to have wireless contact with anyone during the course of a class. Exhibitors in violation of this rule shall be disqualified.

In response to industry developments, the ApHC Board of Directors has agreed that the use of magnetic devices in clothing in showmanship, horsemanship, hunt seat equitation and saddle seat equitation constitutes an unfair advantage for exhibitors and shall not be allowed at ApHC-sponsored shows (Youth World, National Show, World Show). Magnetic devices must be removed prior to competition, or the exhibitor shall be disqualified. This show management rule is effective immediately.

The use of belly bands is prohibited anywhere on the show grounds at ApHC-sponsored shows (Youth World, National Show, World Show).

ELIMINATION, FINALS AND SCORING

SCORING

For the majority of classes either a four-judge or a three-judge format will be used to compute placings. This will be determined by show management. In most four-judge formats, the low scores will be discarded and the remaining three scores added together to determine final placing. In the three-judge format, no scores will be discarded, all three scores will be added together to determine final placing.

In placed classes, the judge's placing will be converted into numerical scores according to this chart.

1.....120	6.....55	11.....15
2.....105	7.....45	12.....10
3.....91	8.....36	13.....6
4.....78	9.....28	14.....3
5.....66	10.....21	15.....1

CUTS

In large classes when cuts are necessary, the cuts will be determined by a random draw. Each cut will enter the arena for judging and will be placed by all judges. Top placing entries from each cut will return to the arena for a final go-round. The same exhibitor must exhibit the same horse in both the cut and the final. The same equipment must be used on each horse in the cut and the final.

TIE-BREAKING PROCEDURES

All ties, except first place in individual open and non-pro performance events, will be broken by a tie-breaking judge (pre-determined by show management before the class begins). If a tie occurs for first place in any individual open or non-pro performance class judged complete or in any individual open or non-pro performance class finals judged complete, there will be a work-off for first place only. Individual performance classes include western riding, reining, working hunter, cutting, trail, ranch trail, ranch riding and judged roping events.

In the event of a first-place tie in working cow horse, see Rule 741.F in the *Official Handbook of the ApHC* for tie-breaking procedures.

All first-place ties in limited open classes will be broken by the tie-breaker judge.

ELIMINATIONS

Eliminations may be held in classes when warranted by the number of entries in the class and shall be at the discretion of show management. Any horse receiving a no-time or a no-score in an elimination round will be eliminated. In case of a tie, except in stumps and stake races, all those tied will go forward to the finals. In the event that it is not necessary to run an elimination round, the class will be run complete at the time the final round is scheduled.

In **Camas Prairie Stump Race** and **Nez Perce Stake Race**, if a tie occurs in an elimination round for the last position in the finals bracket, those horses tied will re-run on time only with the fastest time advancing.

In **timed calf roping**, **timed heading and heeling**, and **cutting**, the combined scores (cutting) and times (roping) in the elimination round and the finals will be used to determine the final placing. In the finals, the working order shall be determined by the times (in roping). The horse with the fastest qualifying time (in roping) will be the last to work in the finals for that class. The working order in the finals of any cutting classes will be determined by a random draw of those qualified to compete in the finals. In **timed heading and heeling**, the entrant must have the same helper in both the elimination and final rounds.

Once an elimination round has been held, no change of horse/rider combination or tack/equipment is allowed for the finals.

In most classes, when possible, the top 16 horses will be called back for the finals. In all cutting classes, the top 10 finalists will return for the finals.

When class size is less than 6 entries, all unpaid premiums are retained by the ApHC. For tax purposes, a 1099M for premiums won will be issued to the current owner of record at the time of the show. In instances of multiple owners, a 1099M will be issued to the first current owner listed on the Certificate of Registration. The social security number listed on the W-9 form should be that of the owner, or in cases of multiple owners, that of the first listed current owner.

Premium and/or award checks will be mailed after drug test results are received by the ApHC.

AWARD CALCULATIONS & TIE-BREAKING PROCEDURES

Horses will receive points toward special open and non-pro awards for 1st through 10th place. Placings earned in limited open classes do not count toward any open awards. First place will receive 11 points, 2nd place will receive 9 points, and so on down to last place which will receive 1 point unless otherwise specified. If there are less than 10 horses in a class, scores will be based on the number competing with the 1st place horse receiving one more point than the number of horses in the class, the 2nd place horse receiving 2 fewer points than the 1st place horse and the 3rd place horse receiving 1 less point than the 2nd place horse and so on down to last place which shall receive 1 point unless otherwise specified.

Unless otherwise stated under individual award listing, in the case of a tie, the horse earning points in the greater number of classes that count toward that award will be the winner. If that fails to break the tie, the horse placing 1st through 10th over the greatest number of total entries will be the victor.

In the case of a tie in the non-pro division, the non-pro earning points in the greater number of classes that count toward the award will be the winner. If that fails to break the tie, the non-pro earning points in the greater number of performance classes will be the winner. If that fails to break the tie, the non-pro placing 1st through 10th over the greatest number of total entries will be the winner.

The ApHC does not accept responsibility for misprints in daily award tabulations. All information is not final until verified.

WORLD SHOW LEADING BREEDER

An award will be given to the breeder earning the most points from horses placing in the top ten at the World Championship Show in the classes listed below.

For a breeder to be eligible, at least three of that breeder's horses must be exhibited. The breeder is determined by ApHC records. For example, John Doe (#123456) may compete against his wife Jane Doe (#654321) and against his farm John & Jane Doe Acres (#111222). The first listed breeder according to ApHC records and as printed on the Certificate of Registration will receive points for that horse's placing. This award will be calculated based upon pre-entries only. Horses will earn points counting toward the Leading Breeder Award for receiving 1st through 10th place. First place will receive 11 points, 2nd place will receive 9 points, and so on through 10th place which will receive 1 point unless otherwise specified. If there are less than 10 entries in a class, points will be computed based on the number competing. However, first place will always receive 2 more points than 2nd place, and 2nd place will receive 1 more point than 3rd place and 3rd place will receive one more point than 4th place and so on.

In case of ties, the breeder of horses placing 1st through 10th over the greater number of entries will be the winner. If that fails to break the tie, the breeder of horses placing 1st through 10th in the greatest number of classes will be the winner.

The ApHC does not accept responsibility for misprints in daily award tabulations. All information is not final until verified.

The following open classes will count toward the World Show Leading Breeder Award:

A non-pro may use more than one horse and all points will be combined, except where specifically stated. In classes in which a non-pro can exhibit more than one horse (trail, games, western riding, reining, cutting, roping, ranch riding, ranch trail, over fences etc.) only the non-pro's highest placing in each class will count toward the high-point award.

ALL-AROUND NON-PRO

Points are compiled on a one horse-one exhibitor basis. A contestant may exhibit more than one horse; however, the points earned by the contestant with each will be compiled separately.
