

APPLICATION FOR RETAINED SEMEN RIGHTS PERMITS

2720 W. Pullman Road, Moscow, ID 83843 ♦ (208) 882-5578 ♦ www.appaloosa.com ♦ registration@appaloosa.com

I hereby acknowledge that I have read and agree to be bound by and follow the ApHC rules pertaining to frozen semen. I also understand that ApHC will investigate non-compliance with these rules and, in the event of such non-compliance, any resulting foals may be ineligible for registration.

I understand that one Retained Semen Rights Permit is required to register a foal conceived using frozen semen from this stallion after he is no longer in my ownership. The signed permit will serve as the stallion owner's portion of the breeder's certificate.

As the stallion owner, I understand that I must ensure that a sufficient number of Retained Semen Rights Permits are purchased prior to my sale of the stallion. Once the ownership changes, I understand that I may no longer purchase Retained Semen Rights Permits from ApHC.

Stallion's Name: _____ Reg #: _____ Breed: _____

Sire's name: _____ Registration #: _____ Dam's name: _____ Registration #: _____

To be completed by recorded stallion owner or *lessee:

(*An ApHC official Lease Agreement must be on file with the ApHC.)

SEMEN RIGHTS RETENTION PERMIT

A. In the event a stallion owner wishes to sell a stallion **or geld and sell a stallion**, but retain rights to use frozen semen, s/he **MUST** purchase frozen semen rights retention permit(s) **from the ApHC before the date the horse is sold**. The application for purchase must be on a form provided by ApHC and proper fees must accompany application. (See Fee Schedule)

1. The recorded owner of the stallion may purchase frozen semen rights retention permit(s). Only signatures of the recorded owner of the stallion shall be accepted on the application(s). **If the stallion is leased, the stallion owner may not purchase semen retention permits until the lease is terminated.**

2. The lessee of the stallion may purchase semen retention permits during the period of the lease.

3. Once a stallion is sold **and the transfer is recorded with the ApHC**, a former owner or the former lessee cannot purchase additional frozen semen rights retention permits from the ApHC.

4. In the case of gelding a stallion, the owner retains the right to use the semen without buying retention permits, but if they sell the gelding, they must purchase retention permits before the date of the sale of the horse.

B. Each of the retained frozen semen rights permits purchased may be used as the stallion breeder's certificate for the registration of only one foal.

1. ApHC will record the number of outstanding permits for each individual stallion and that number will be a matter of public record.

2. It is the ultimate responsibility of a prospective buyer to confirm with the seller the number of outstanding permit applications not yet recorded on ApHC records as of the date of sale.

C. The ownership of the retained frozen semen rights permits may be transferred.

(See Transfer of Ownership Rules and Fee Schedule.)

1. The ApHC shall record each transfer of ownership of the permit. The rules of transfer of ownership of a horse shall apply to frozen semen rights retention permits, except the request to transfer ownership of the permit shall be accompanied by the retained frozen semen rights permit instead of the Certificate of Registration.

D. Purchaser of the retained frozen semen rights permit is responsible for filing the appropriate stallion breeding report as required by ApHC rules and paying the requisite filing fees.
